

Final conclusions

BELGRAD Meeting

2010 3-4 Feb.

1

Strategy of publications & Authorship

Basic rule: who sign a paper really write it

2 main cases

1- The publication is about results which relate to **1 country**

THEN: the main author(s) inform the co-ordinator and asks the other partners **in the country** if they have interest to participate to write (and to be co-author)

2- The publication is about results which relate to **more than 2 countries**

THEN: the main author(s) inform the co-ordinator and asks the other partners in **all the concerned** countries if they have interest to participate to write (and to be co-author)

2

FOCUS

FOCUS
FOOD CONSUMER SCIENCE IN THE BALKANS

General statement

Participating in the project is great

But the level of satisfaction of each of us rely to several factors One of the factors is the acknowledgement and respect of the work made by others

SO...

Take time to read the deliverables ... and make comments

Special new rule for the meetings

Presence at all the sessions is needed (even when you are not part of the WP)

... If absence: reduction of the days which can be taken into account in the time report and of the travel-costs and accomodations

9

FOCUS
FOOD CONSUMER SCIENCE IN THE BALKANS

Many thanks to Zaklina and Belgrad-
Team, esp. The Faculty of Economics
for the invitation of yesterday, for the
organisation
